

When Do I Need a Town of Ponoka Permit?

Most construction and demolition projects and some renovation projects require a Town of Ponoka permit before the work begins. The type of permit you will need depends on the work being done. The different kinds of permits that may be needed include development, building, electrical, plumbing and gas permits.

Work that may require a permit includes:

- Constructing a new home, garage, building or shed on your property;
- Building an addition, secondary suite or developing a basement;
- Relocating a manufactured home;
- Replacing or installing a furnace, air conditioner, hot water tank or a wood burning stove;
- Demolishing a building;
- Completing exterior structural renovations;
- Installing a hot tub; and
- Some interior renovations.

To determine if you need a permit and what kind of permit is required, please call the Town Office at 403-783-4431 or email permits@ponoka.ca

• **Green Carts Are Not for Garbage** - When a non-compostable item is thrown into a Green Cart (even just a single plastic bag), the whole truckload of compostable waste must be sent to the landfill. That means extra costs for transportation and landfill fees. Those costs eventually get passed down to residents in their utility bills to pay for the increased cost of curbside waste collection. To learn more on what items are 'accepted' and 'not accepted' in your green cart, please visit Ponoka.ca/p/green-carts

• **Grey Carts and Green Carts** should be placed at the curb for pick up on March 19, 20 and 21 - depending on your Zone.

• **Recyclable Materials** bundled in clear or blue transparent plastic bags should be placed at the curb for pick up on March 26, 27 and 28 - depending on your Zone.
