Snow and Ice Control Update – February 5, 2025

Town of Ponoka snow and ice control crews are continuing to sand Town roadways throughout the community this week where needed. Crews are also sanding and clearing snow from sidewalks adjacent to Town-owned properties and on walking trails in Town parks and throughout the trail system this week.

Residential Snow Removal in Central District and Lucas Heights this Week

Snow removal operations are continuing in Central District (Zone 3) this week, beginning with Priority Routes first, followed by residential streets.

Due to waste collection in the Central District today (February 5), snow removal operations have moved into Lucas Heights (Zone 1) for the day and will return to Central District tomorrow.

Please note that changing weather conditions and new snowfall events can require crews to direct their attention back to priority routes and delay planned snow removal operations. As a result, crews may not complete the entire zone and will return at a later date.

'No Parking' Signs

Please watch for 'No Parking' signs and move parked vehicles from roads when the signs are posted.

Removing your vehicle from the roadway when 'No Parking' signs are posted in advance of snow removal operations is a requirement under the Town's Traffic Bylaw and can result in fines and towing of the vehicle at the owner's expense if needed.
