

# Town of Ponoka Snow and Ice Control Update – March 28, 2024

*(March 28, 2024 – Ponoka, Alberta)* – Town of Ponoka snow and ice control crews are busy sanding and salting priority routes throughout the community today as well as on sidewalks adjacent to Town-owned properties, on walking trails in Town parks and throughout the trail system. Current snow and ice control operations will continue until the work is completed.

To report an icy intersection, back alley, or snow-covered sidewalk that may need attention, please submit an online request by visiting [www.ponoka.ca](http://www.ponoka.ca). Scroll down and click on 'File an Online Service Request,' or you can also phone the Town Office at 403-783-4431 where Town staff can help fill out the online form for you.

Please note that Town snow and ice control crews work in conjunction with the Alberta Ministry of Transportation, which is responsible for snow and ice control on Highways 2A and 53 in Ponoka.

## **Please Clear Snow and Ice from Sidewalks Bordering Your Property**

Ponoka citizens are asked to please help keep our community safe by ensuring sidewalks that border your property are clear of snow and ice.

By keeping the sidewalks adjacent to your property clear of snow and ice, you are protecting the safety and well-being of your neighbours and fellow citizens in Ponoka.

When shovelling, residents are asked to please only deposit snow and ice onto your own property – not the roadway or someone else's property. Shovelling snow onto your own property is also good for your grass when the snow melts in the spring.

## **Snow Removal and Ice Control Policy**

Town of Ponoka snow and ice control operations are conducted according to the Town's Snow Removal and Ice Control Policy to improve safety for motorists and pedestrians and to support the operation of emergency services. For more information on the Town's snow and ice policy, please visit [www.ponoka.ca/p/snow-ice-control-program](http://www.ponoka.ca/p/snow-ice-control-program). Priority 1 and 2 routes include high-volume roads such as emergency routes, school bus routes and connector routes.
