

Q 19. What's happening with the existing trees on the old hospital site?

- Approved Land Use Bylaw amendments to facilitate the proposed redevelopment of the old hospital site specify the following with regard to trees:
 - Retention of the majority of healthy tree stands along 51 Street, as well as the retention of some trees along 57 Avenue between the curb and property line.
 - Most of the trees along the lane on the south side of the five-acre site will also be retained.
